WHY EL CONQUISTADOR?

The founders of this city within a city which Bryan Adams High School serves gave Spanish names to its principal shopping centers—Casa View and Casa Linda—as well as to scores of its streets, and merchants here stage seasonal *fiestas*.

As an integral part of a community with such a motif, it is only natural that we should pay tribute to our Spanish heritage.

This we are glad to do. We have named our yearbook *el Conquistador* in honor of an heroic breed of supermen unique in the annals of world history. So strongly were they convinced of their invincibility they in fact became invincible. Obsessed with the determination to spread the “true religion” and extend the dominion of their monarchs—with lust of gold as an added incentive—they overcame astronomical odds and conquered a bright new world.

We as the staff members of our yearbook may not hope to conquer new worlds, but we can at least look skyward.

new addition in the foreground.

Carol - have knowing in
I sure enjoyed being in
you and being class
stay as sweet as you
are & you will always

The Bryan Adams Parent Teacher Association is one of the most active in the city. It is always striving to do more for the teachers and the student body of Bryan Adams. As a service organization it has donated a considerable sum this year to the drill team, math department, Cougar band, and the Historical Society. The P.T.A. plays host three times a year to the teachers with coffees and has bought new file cabinets for the office, history, and English departments. As a result of its efforts, the pep squad has a portable megaphone, the athletics department a whirl-a-bath, and two polio clinics have been held. The P.T.A. gives the senior luncheon and has a pay assembly for a scholarship fund. Many more useful services and items have been given to us by the P.T.A.

Foreign Exchange Students

FINI RUBIO

Fini Rubio, a foreign exchange student to Bryan Adams this year is from the town of Valladolid, Spain. Fini is living with Barbara Gaulding. When asked about the thing she liked most in the United States, and Bryan Adams in particular, Fini said, "Football games and drill team, of course!" Fini spends most of her spare time tutoring students in Spanish. Fini's most exciting experienced occurred on the day she arrived in the United States and, of course, the day she arrived in Dallas.

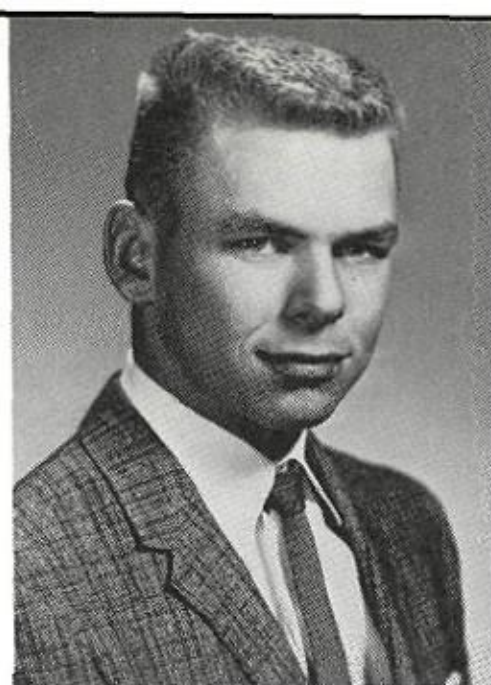

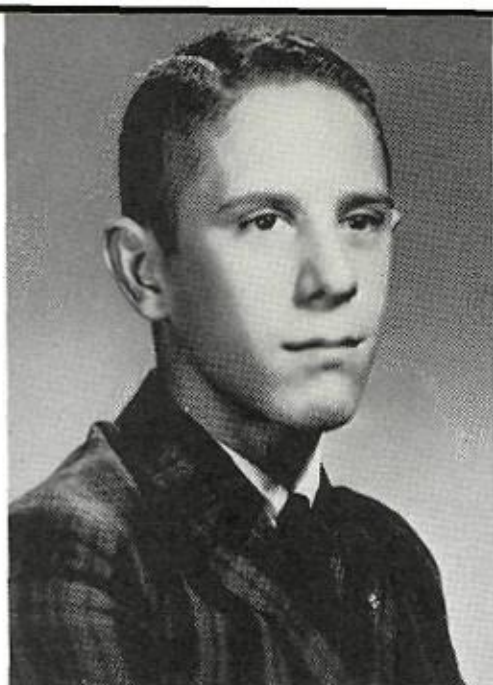

Esa Linna, who lives in Finland, is staying with Buddy Barnes. Esa likes the shorter class periods and "lighter" homework in America. He says, concerning our crowded halls, "You walk out the door and the crowd determines where you are going!" Esa doesn't think the lunchroom food is as terrible as students claim, but he says, "I guess I've been lucky." Fire drills are different in Finland because "everyone *knows* how to get outside."

Juliet: Get your GRIMY HANDS off me. LAGOW, LAGOW. I'll be LAYTON. I've been SLAVEN over a hot stove all day and the PANEL be BOYLAN.

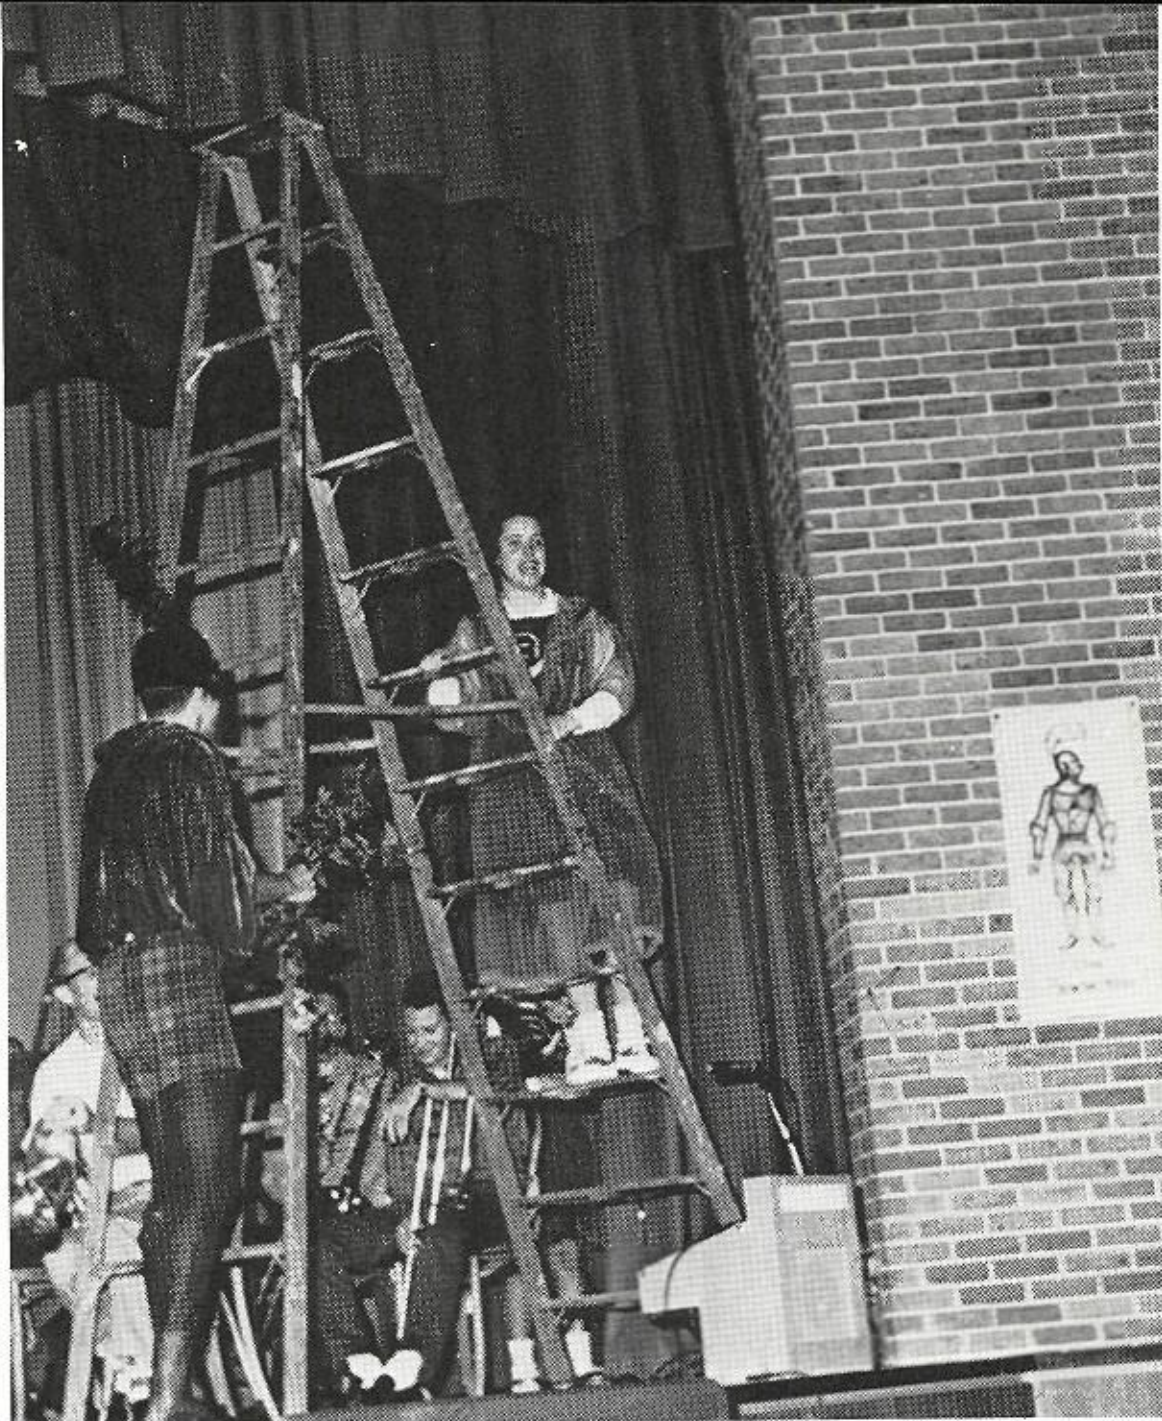

Romeo: I took my horse to the black SMITH, so I brought E-CHART.

Juliet: KOVICH me MATTHEWS, Romeo, MURPHY(T) are cold. McQUERY brother was awakened this morning by some ROBERTS who were raising CAIN. He called out to me, "Get YAR-BROUGH and arrow." They received a PENDLETON of 4 years.

Romeo: Don't be a WILLINGHAM.

Juliet: Don't FERGUSON, I'm only a woman; my only wish were to tell of thine own strength.

Romeo: Your GRAMMAR is poor, Juliet, the word is not "were," it is "was."

Military Man

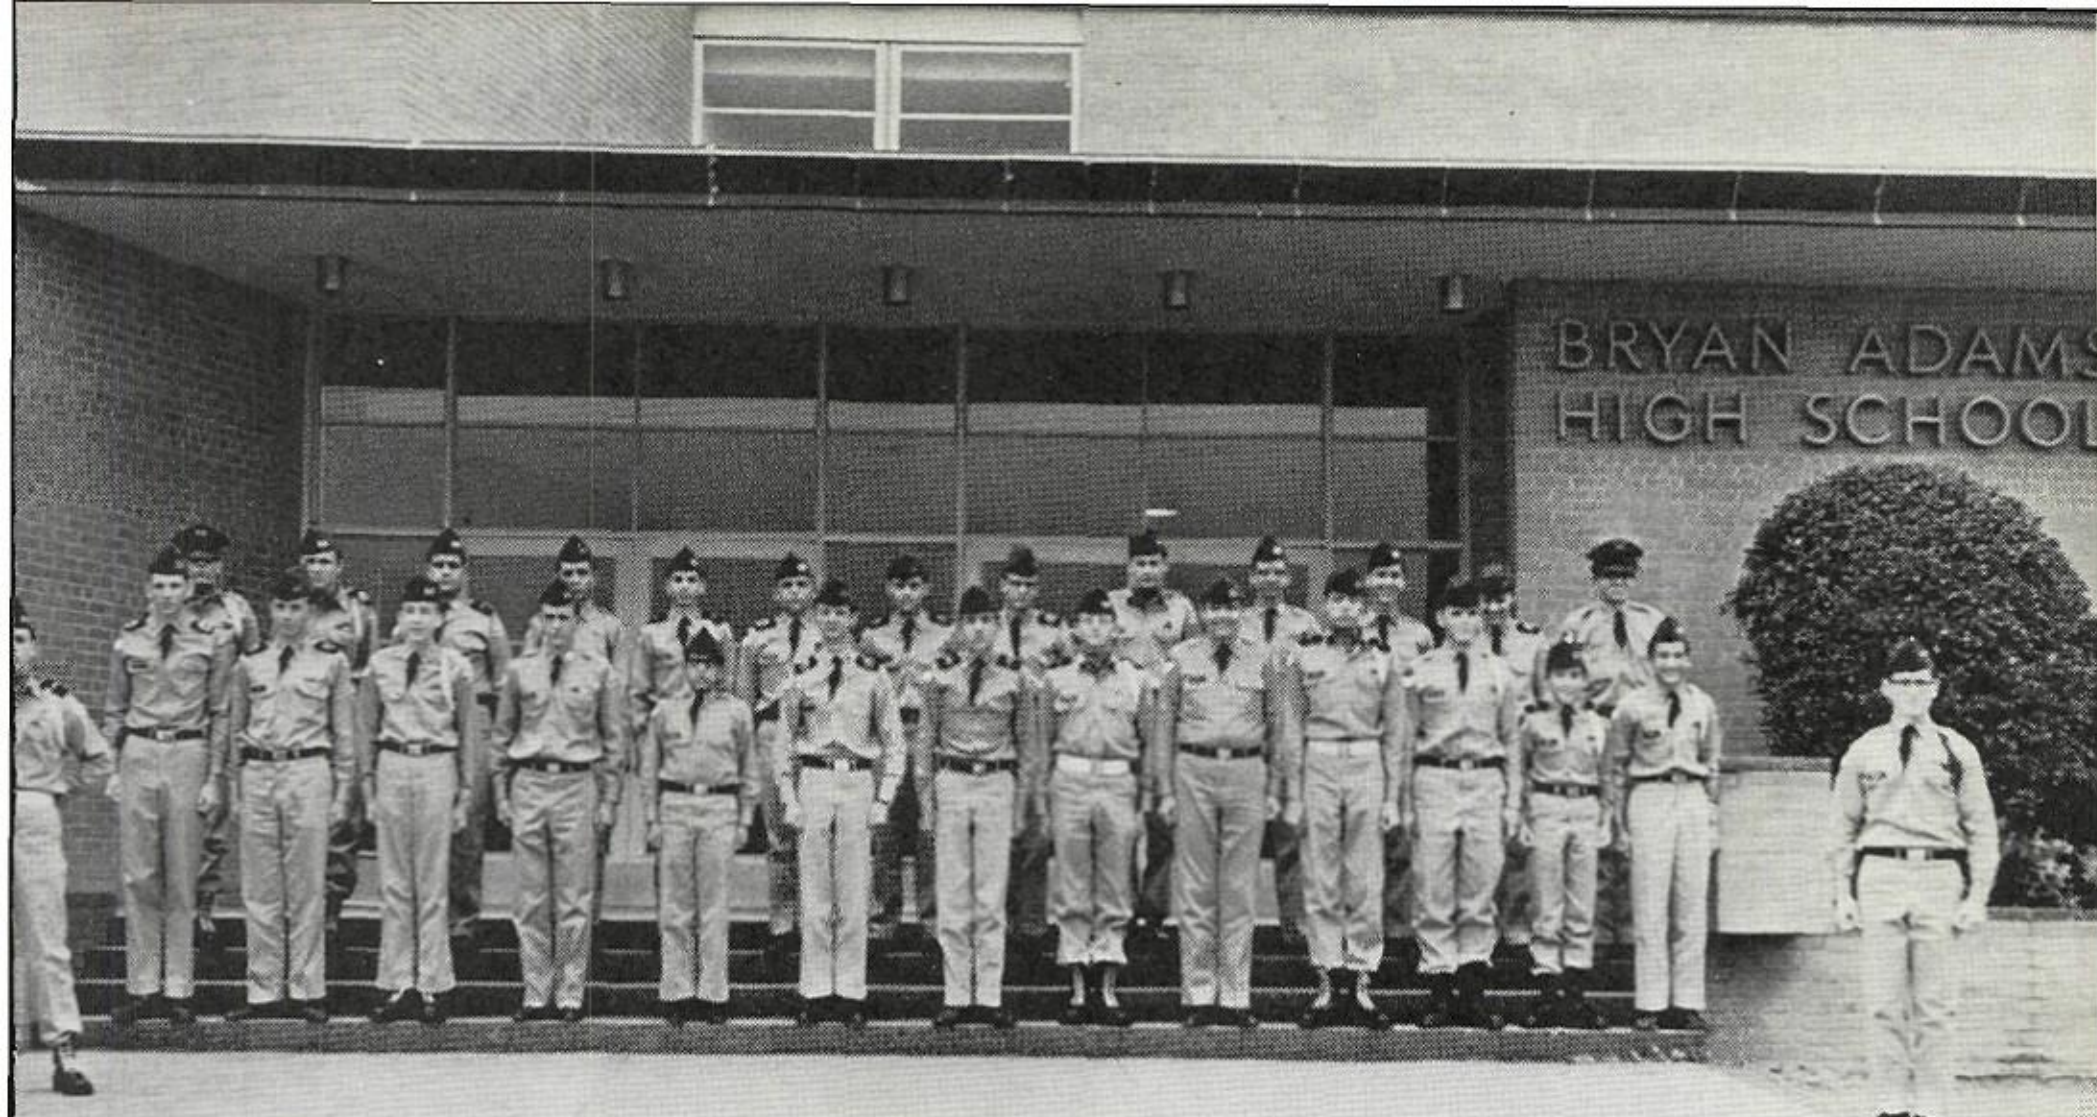

The sophomore learns to march and shoot,
To shine his shoes and press his suit,
To "stand up tall on his own two feet,"
Proud of himself so clean and neat.
The sophomore learns to read the maps,
To lead a squad, and then perhaps,
If he has time, he can be seen
Trying to make the rifle team.

With many medals on his chest,
The junior thinks he is the best;
When he makes sergeant of his platoon,
He thinks he's "up for a button soon."

The senior scarcely learns at all,
He's grown so wise and oh so tall!
He struts around in pinks and green,
The proudest soldier to be seen.
He gives his orders so loud and firm
That all the sophomores fret and squirm.
Full well he knows he "has it made"
When he says good-by at the final parade.

The "majors" are present at each parade in their green and white uniforms and are required to attend most competitions.

Many cadets thought that Federal inspection had come early this year as Lieutenant Colonel Chester R. Young and Captain Hill, from the Dallas P M S Staff, marched up and down BA's football field on a mock inspection on March 6.

The inspection held Wednesday was in preparation for the actual federal inspection which will be held at Bryan Adams on March 20. Specified Army inspectors will conduct the inspection at this time.

To instruct the corps in the realms of knowledge, drill, and ceremony was the purpose of the "mock inspection."

The Student Council of Bryan Adams is designed to instill knowledge of democratic processes, improve the attitudes of students, and better student-faculty relationships. The Council stands as the only representative body of the students and is an effective organ for providing over-all cooperation in solving school problems.

Through active participation and support, the Council has been responsible for many projects. Among these are: The Cougar Book and the "Welcome Dance" for the new students, The Student Responsibility Program, The Student Directory, the Homecoming Coronation and Dance, the use of voting machines in school elections, the Christmas dance and toy drive, the purchase of equipment for parking lot attendant, the organized daily devotionals, Career Clinic, "Support athletics" campaign and Awards Day.

The 120-piece marching band performs at parades, pep rallies, and at football games throughout the fall and gave a striking presentation at the Big D Half-Time Show. During the spring, the 89-piece concert band won first place in the Thomas Jefferson Band Festival and excelled in the Dallas Band Contest. The climax of the year came with the band's spring concert. Many of the band members received individual honors from participating in the All-State Band and the All-Region Band and in the solo and ensemble contests.

Cothurnus Club

The Cothurnus Club, which is one of Bryan Adams' outstanding and oldest of clubs, main goal is to present its members with a better and more respectful attitude toward the fields and phases of drama and the theater. Annually it presents three one-act plays known as "Variety Theater." With the profits received from this activity, the club engages in buying the school such items as tape recorders. Because of the continuing interest and enthusiasm of the participating members, the Cothurnus Club has gained prestige in Bryan Adams.

Due to the charitable attitude of BA students this year the High School Red Cross, for the first time in its history not only reached their set goal of \$270.00 but exceeded it by \$14.00. This money received will be used on various worth-while projects such as Christmas poinsettias, The National Children's Fund, Veterans' Hospital shows, and other hospital projects. All the contributions prove once again BA's sincere overall feeling of generosity and kindness toward others.

The Bryan Adams Science Club was radically reorganized during this past summer to promote the advancement of scientific interest in the high-school student. Our aims are:

1. To promote an increased interest in science among high-school students.
2. To provide an opportunity for the students to gain additional scientific knowledge from sources outside the classroom.
3. To create a feeling of unity among the science clubs of the Dallas high schools, and eventually, to unite them in a functional organization.

We intend to accomplish these aims through organized activities, namely field trips and seminars. This school year, we held the 1st Annual B.A. Science Club Seminar for the Dallas area high schools. Because this seminar was so extremely successful, we are planning a Symposium which will be for high school students of outstanding science merits throughout the Southwest.

The club enjoys a Christmas demonstration by Mr. McShan

NUMBER 29

The purpose of the Art in Action Club is to provide an opportunity for that group of students whose common interest is art; to further their understanding and appreciation of art. The club is not a service organization, but contributed their talents by making candy Christmas trees for a United Fund day nursery. And to gain a greater appreciation of art they have toured McShan's Florist, East Texas State art department, Dallas museums, and have heard many interesting lectures. The club, sponsored by Miss Maples, develops taste and judgment which will enable members to enjoy the beauty of nature and art; as well as to have fun.

Library Council

The Library Council exists for three reasons: to improve the services of the library, to provide an organization in which the students might participate, and to provide a liaison between the library and the student body. It meets once a month, and only the students who have worked in the library are eligible for membership. The club's motto is "volens et potens," meaning "willing and able."

Historical Society

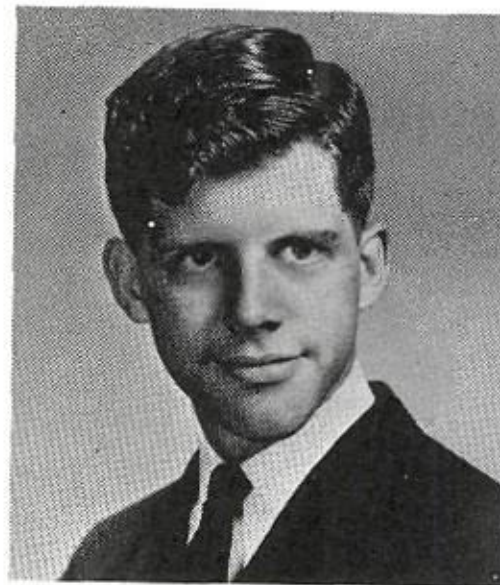

Mr. Leon Wilenski
Sponsor

The purpose of the Bryan Adams Historical Society is to present to its members with interesting highlights in history, past and present. On so doing, the Society hopes to make its members better citizens of their state and country, and appreciate the experiences of the people who have had vital roles in the development of history. This fact is accomplished through a wide variety of programs which interest all the members.

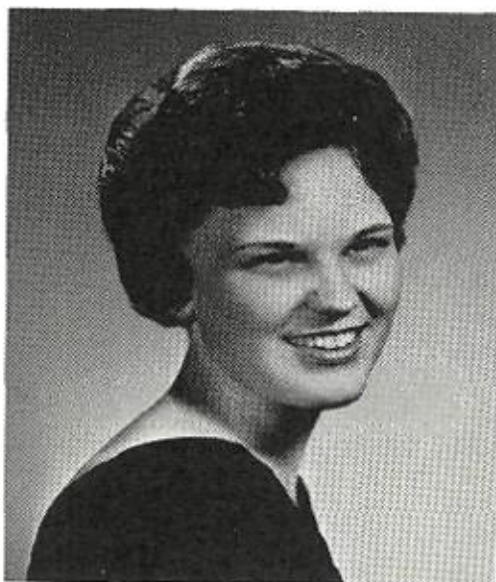

The Society has a number of yearly projects; among these are the annual Christmas party, the trip to Shiloh National Battleground and Memphis, Tennessee, and the assembly program held during Texas Educational Week.

The aim of the Future Nurses Club is to promote a genuine interest in some medical field, especially nursing. The only requirement for membership is a desire to learn about the medical profession, its opportunities, responsibilities, and its important role in our lives. The club's programs include speakers, films, and field trips. An annual convention of the Texas Association of Future Nurses is held each year in different cities in Texas.

Purposes of the Future Teachers' Club

1. To learn about the teaching profession, its opportunities, responsibilities, and its important role in our democracy.
2. To explore our own interest and abilities in relation to the various fields of teaching.
3. To cultivate in ourselves the qualities of personality, character, and leadership which are essential in good teachers.
4. To learn how and where teachers receive their training, the cost, scholarships available, number of years required, and standards.
5. To study the lives and the influence of great teachers.

Memories
Are
Made
of
This . . .
1963*

When the sun set at 7:53 on May 31, 1963, nature drew the final curtain on the 1962-63 school year. How many scenes the drama had depended on each player. We have all appeared on stage: some briefly, some in almost every scene.

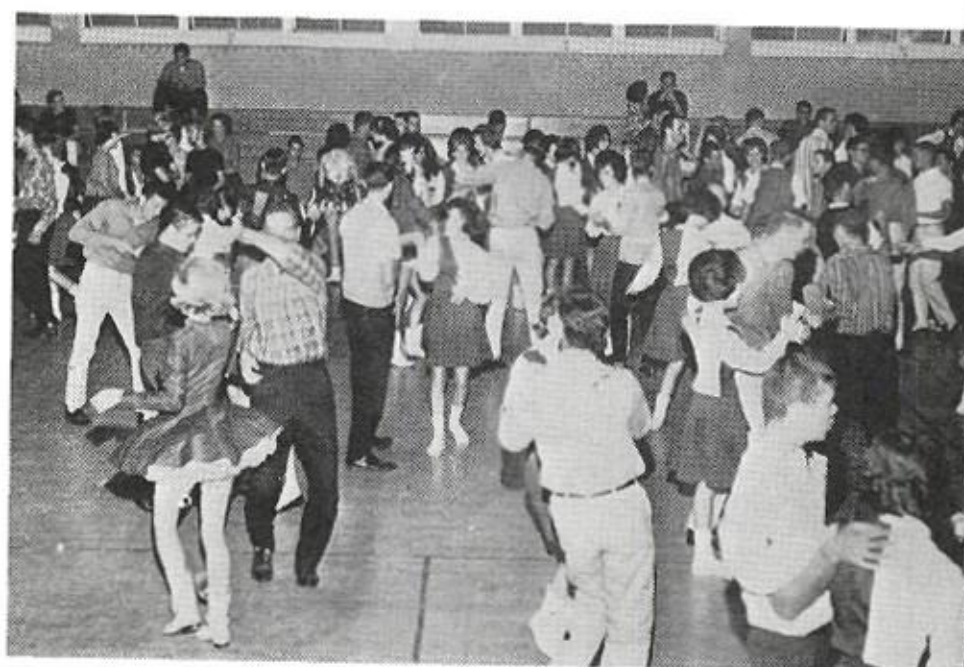

But stage properties have now been stored, spotlights dimmed, the players have left the stage. Some have joined other, more experienced companies. Most will continue far more challenging roles, a reward of experience. Our play will go on. And in all the theaters of the world other plots will unfold. International heroes and villains will walk onto the stage and we shall applaud or hiss, whichever action is appropriate.

But before the curtain completes its ascent, let's take a quick look at the *dramatis personae*.

Chicken hearts !

An aerial photograph of a school campus. In the upper center, there is a large, empty oval-shaped field, likely a football field. To the left of the field is a large, rectangular building with a flat roof and a series of windows along one side. To the right of the field is another large, rectangular building with a flat roof. In the foreground, there are several smaller buildings, including one with a distinctive white and black striped facade. A parking lot with several cars is visible in the lower left. The background shows a residential neighborhood with houses and trees.

Carol, I just don't know
where to begin to tell
you how much I've enjoyed
your friendship. We've done so
much together & entering the creases
fair together & winning!! That
was great. Bernhard was a ball &
now great. B.A. — what more could we
ask for or at least a great friend like
you & going with a boy as sweet &
precious as BOB. You deserve the very
best of everything including the very
best of everything as you are
hope you're always as sweet & happy
now. I know you'll have everything
that you want always the absolute
greatest. Keep your fabulous personality &
don't ever change. May God Bless & keep
you always.

Love,
Barbara
